LOCAL INTELLIGENCE.

SATURDAY

Doctor Googfellow so'd his household effects, tr-day, at public sale. The M. D. is preparing to leave for Oakland, Cal.

The Expositor is about to start up and -- at Phenix. No it wont, -- they can run it on pumpkins-its only show. There is a man fiving near Prescott wh

is so stingy that he only puts one egg under a sitting hen. He beats the man who refused topay six cents postage on two Valuable letters.

Frank D. Mouiton, once known to fame is in the butter and cheese business in Liverpoot.

J. H. Lee thinks his bid for furnishing the Government with fuel at Whipple is the preferable one, inasmuch as it stipulates certain amount of hard wood. We presumthe Chief Quartermaster will determine the ing of grain from F nix to Prescott, etc.

Things are working smoothly and quite favorably for the erection of a ten stamp mill in the Cherry Cre-k District. W learn that the mill is being manufactured

Mon. R. C. McCormick still takes a lively interest in Avizona affairs and intends making a visit to the territory about the first of June. His many friends will be glac to meet him, while his few enemies, including one or two old federal hangers-on: will keep mum and stand back in the shade Mc is sharp and has his enemies coppered

We were shown a letter this morning from Hon. Thos. Fitch, in which he stated he would know in a day or two after he wrote whether he would canvass the State of Cal. on the subject of the new Constitution. If he did not remain for that purpose, then he would leave for Arizona in about ten days.

DANCING AT 84 .- A correspondent writing from Apache County, Arizona, to the Salt Lake Desert News, says:

never get old in Arizona and should Father Cluff remain in Eastern Arizona for 100 years more we expect to heir of him particfpating in the merry dance.

A young woman married an old widower per 100 miles. in Tannerville, Ga., and soon fell in love with his son, who was about her own age. and all agreed that it would be better for her to become the wife of the s n. The transfer was amicably made by means of a divorce. Since then the old man has married his ex-wife's mother, and the rearranged family is harmonious and happy .- T.oy

The deepest mine is the world now worked is said to be the Auslbert lend and silver mine in Austria, which is 3,280 fee deep. The next is the Viviers coal mine in Belgium, 2,847 feet. It was sunk to the depth of 3,586 feet, but no coal having been found, the working is at the former level. The deepest coal mines in Eng land are the Dunkirk colliery in Lancashire, 2,824 feet, and the Bosebridge in the same locality, 2,458.

ARIZONA LOTTERY .- The success of the first drawing seems to be insured. Out

freight, including a supply of paper for the MINER, arrived and discharged cargo, toeach trip.

BIDDERS ON TRANSPORTATION.

The following are the figures and names come and other modern applicace. It arration for Government supplies, during win pay, and hap a seed at an and ending June 30th, 1880:

Gauwater & Brother, all freight for Verde and Whipple from termines of the Southern Pacific R. R. at \$2 50 per 100 The same gentlemen also offered to furish the transportation for the same Posts,

Railroad to all southern posts at \$161 per the Jenning's mine on the Has-ayampa.

"Father Cluff in his 84th, year led in the quadrilles on Christmas night. People of the per hundred miles; and to Whippie and longing to Capt. W. H. Hardy. Mr. Flagg of the per hundred miles, with longing to Capt. W. H. Hardy. Mr. Flagg of the per cent added to: lots of less than was here some seven years ago taking testiten thousand pounds.

A Barnett bid Whipple and Verde, from him. The matter was fully discussed by the trio, at \$1, 60 per 100 lbs per 100 miles. Return with the mineral prospects of Mohave freight at 80 cts. per 100 lbs per 100 miles. County, and with the Vairfield claum in parall southern posts, at \$1, 1214. This we ticular, which it is quite probable they will onsider the diamond bid. sea to southern posts, at \$1, 42.

R. E. Farrington, from Ehrenberg to per 100 miles, and from terminus of railroad thence by rail via San Francisco to New same posts at same price.

From the above figures we should judge but Mr. Hudson has secured the transporation for the Southern Posts, and A. Barnett, Whoppie and Verde, unless the Governneut should wisply consider to being their upplies by the old route of Ehrenberg. It is a well known fact that very often the I la becomes unfordable for weeks at a ime, which would endanger the delivery of supplies to the Northern Posts, while by the old route there are no obstacles to preof the 12,000 tickets issued, 5,000 have been | cent the delivery at all seasons of the year. ordered sast of the Rocky Mountains. We We have made a careful estimate of the were to-day, shown letters from several dif- listance between Prescott and Gila Bend from responsible parties, making applica- pelied to travel, and find it to be about gret to add that correspondents of reputable over the route which teams would be comtions for agencies for the sale of tickets, 160 miles, or 13 miles shorter than In several towns in California, clubs have the actual distance to Ehrenberg.
